The Miracle of Life.

- Intro:- The use of the word "Heart"
  then "Miracle"
  the Miracle Man
  the Miracle of Love

- Man bound by limitations
  of natural law & physical
  conditions. Miracle law
  transcends limitations
  and sets us free to determine
  our own destiny, to lift ourselves
  above the weaknesses of the flesh,
  to climb the heights of achievement
  until we reach the altitude
  where the atmosphere is Love, Harmony
  & Happiness.

- Jn. 1:4 In him was Life. and
  the Life was the Light of Men

- ~~In You, or in X, there is Life~~

I. Life is a Simple Miracle.

We have made Life a complex, chaotic mystery by our wrong thinking about it & by our misuse of it.

Life is the nature of God. God never grows old or dies. God not governed by time or space. In Him was Life & in You is Life. Your life an expression of God. In you is the life-principle of growing, unfolding & becoming.

The powers that God used to create all things are in you. You are a divine idea and can express the Life of God. Life forces are at your command - you can direct them with the right mind, let us consider how we can best express Life.

The Expression of Life

Stop making your life a hell by putting yourself under limitation.

Hell originally meant to be caged, walled in, put in confinement. To be conquered by our surroundings instead of conquering them is our hell. To be slaves of our environment instead of being masters of ourselves is hell.

The same with churches, Creeds & their doctrines have built hedges around the churches, have walled them up. They have become Hell-ed-in churches.

25,500 never go.
No room for them.
Never get together.

2. "Ye must be born again."
Ye must change our thinking. Ye must get rid of the thots that tear down, destroy, demoralize & consume. Ah, there petty beliefs of ours, these mean, small selfish ways & attitudes of ours - away with them.

Let the light of your Life shine in the darkness around you.

Be bigger than any trouble. Ye must meet Life with nobleness & courage & hope -

Make your heart ye meet best strangers & faster. Lift up your eyes - the harvest of Life is ripe - go ye into the field and reap

III. Don't waste time by trying to find out what music is. Jesus never explained a miracle — he did performed miracles.

A concert-grand piano and a Palmer-flex interesting the master-pieces of music.

I desire to know the secret of his harmonies & take the piano all apart — and what have I? — a scrap-heap of tangled wires — with its miracle of song gone forever!

Don't try to probe your life to find out. Don't try to analyze God & his Life.

Play the miracle harmonies of your living as does Paderewski, as did Beethoven, Mozart, Haydn & the other masters make

whatever
you
Can
Call

swept the deep-bosom'd
thro' wilderness
until they brought
forth miracle symphonies
sonatas, harmonies, etc.
Your [redacted] cracked up
of mirac[redacted]
forces - what are
your duty with them?

If you saw a man
trying genuine diamonds
emeralds + pearls into
a crucible of destroying
acid, you would
think him crazy +
seek to stop his madness.
Then why do you
hurt your own feelings
jewels - the lovely
attributes of your god-given
nature - into the basest acid
of envy, jealousy, self-love, hate

Earth Is Enough

WE men of Earth have here the stuff
Of Paradise—we have enough!
We need no other stones to build
The stairs into the Unfulfilled—
No other ivory for the doors—
No other marble for the floors—
No other cedar for the beam
And dome of man's immortal dream.

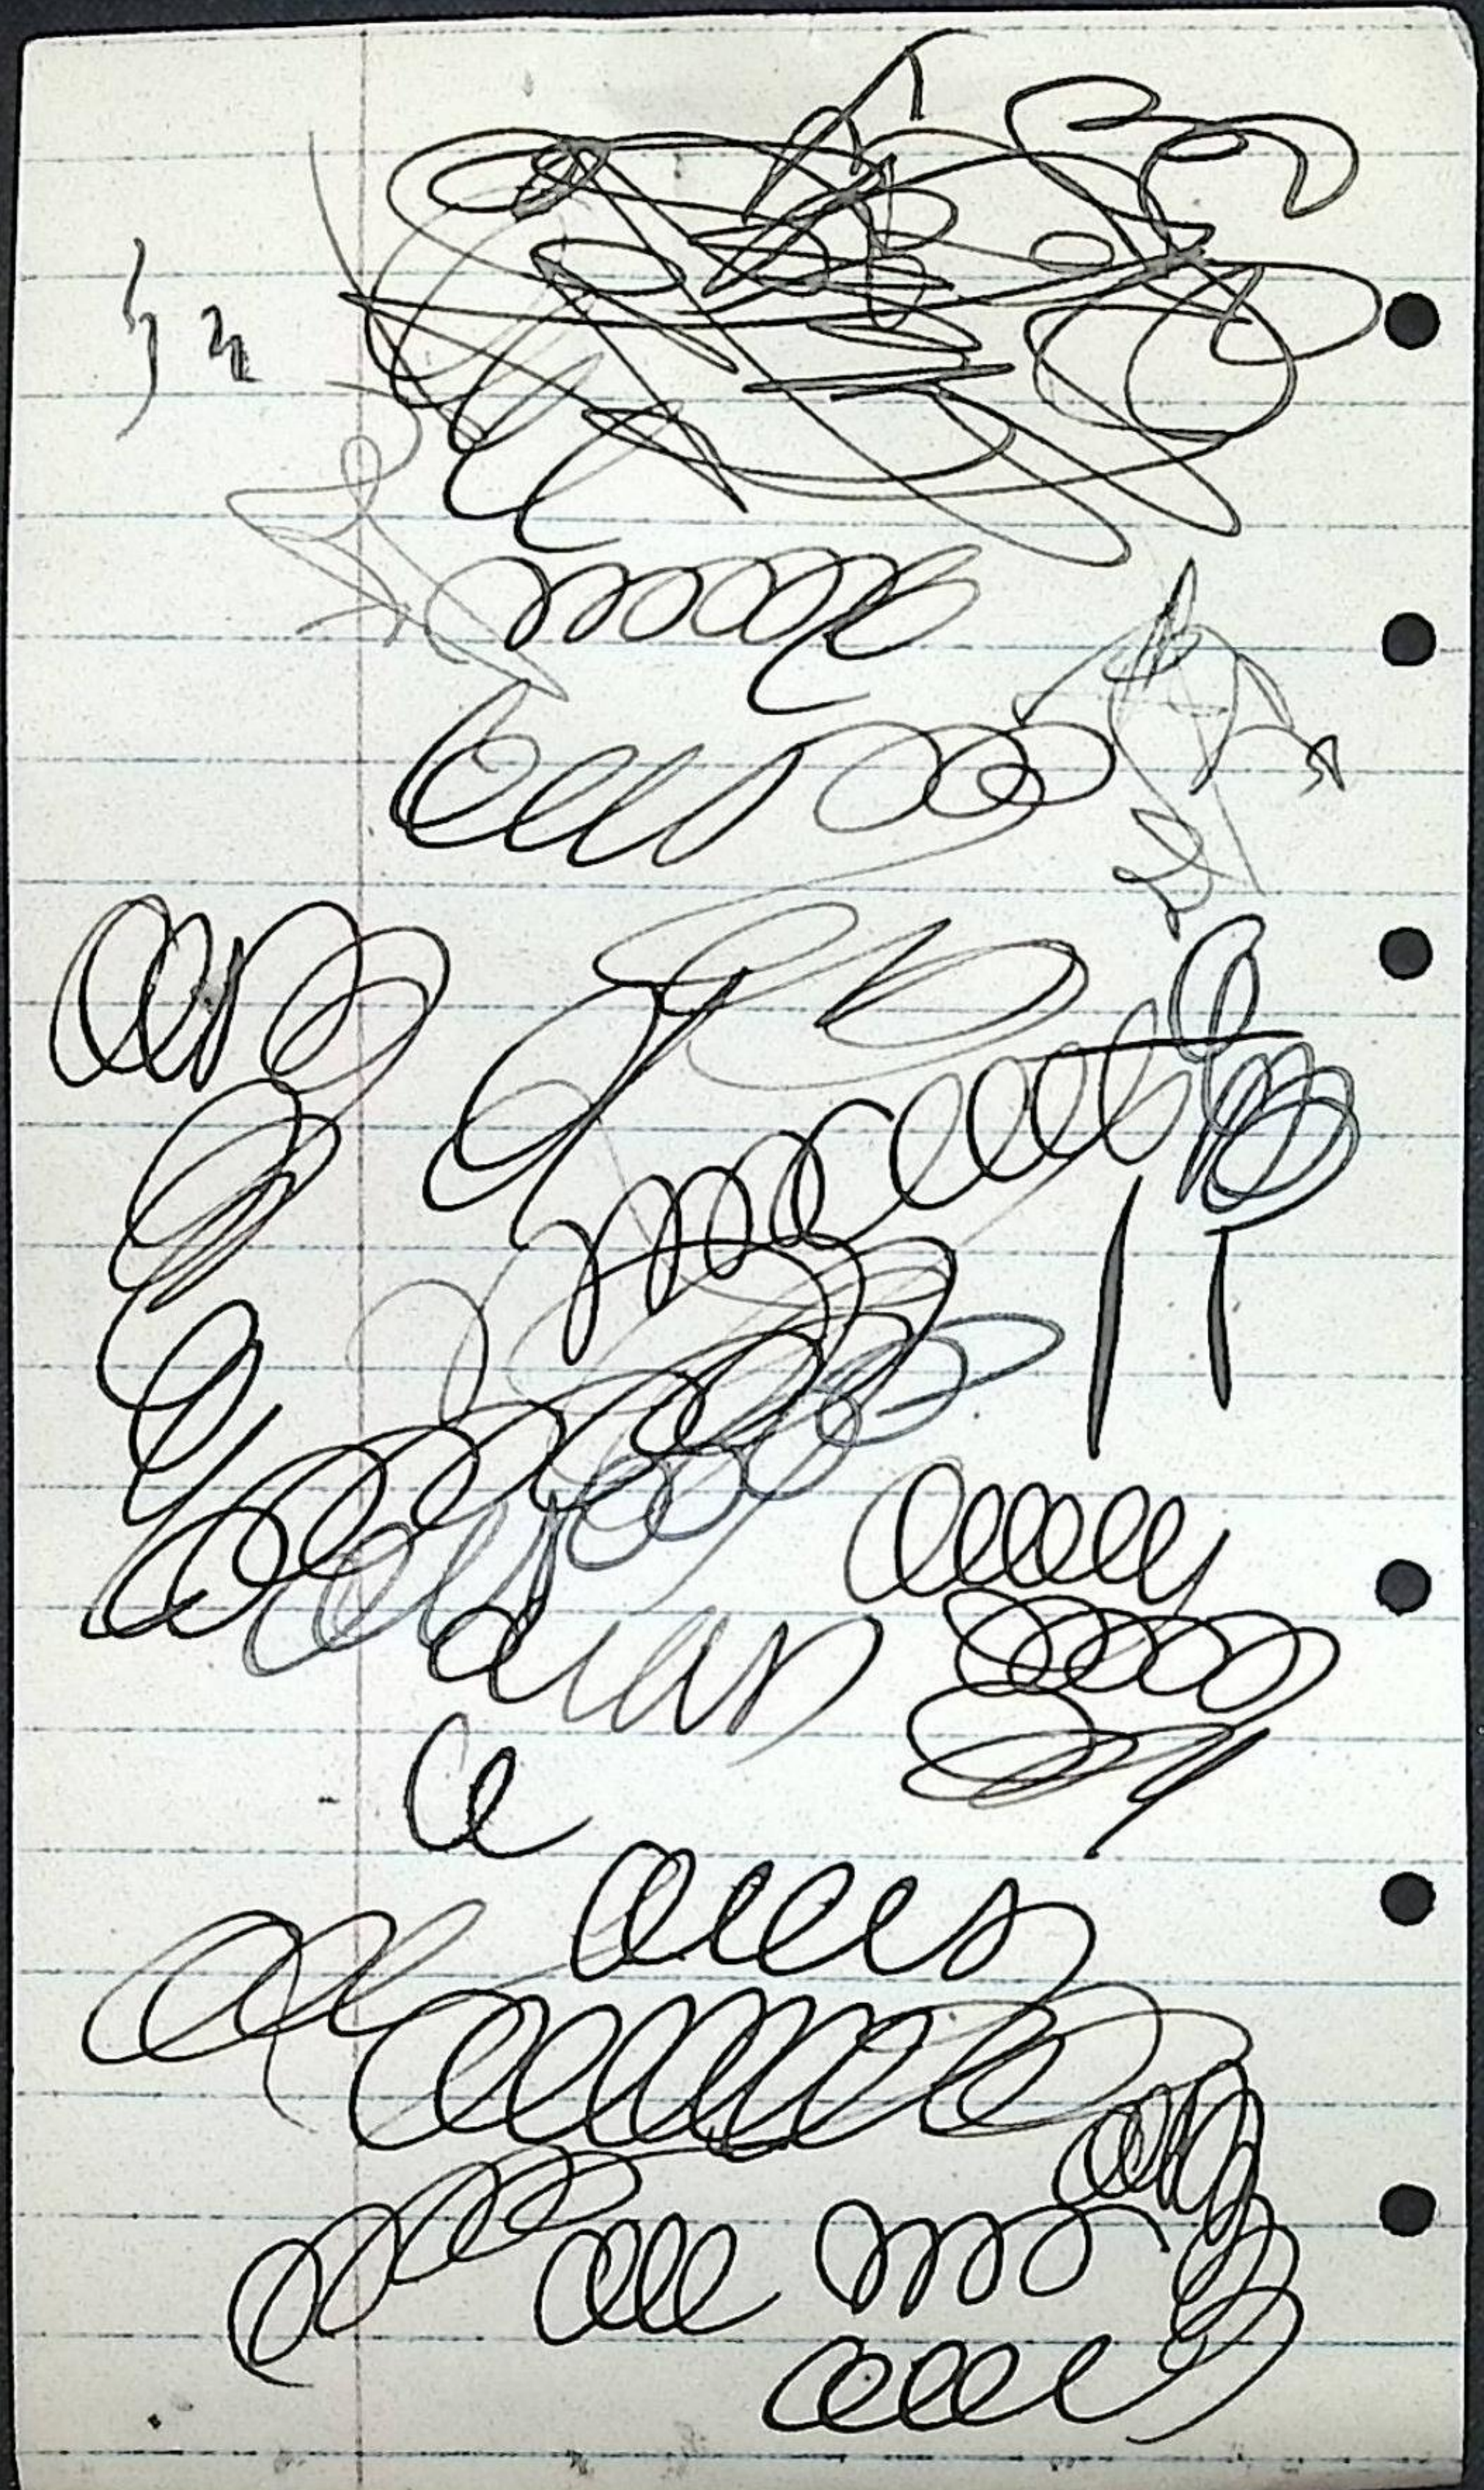
Here on the paths of every-day—
Here on the common human way
Is all the stuff the gods would take
To build a Heaven, to mold and make
New Edens. Ours the stuff sublime
To build Eternity in time!

—Edward Markham.

Why not cultivate them?
Why not pick them
with miracle claims
of beauty, seeing them
to make all around you
lovlier, nobler, braver,
happier?
Stop doubting & begin doing.
Quit waiting & begin working
Cease your sighing & begin trying

III. The Miracle Means of Opportunity

Read - Earth is Enough.
Living within ourselves
the material & forces
with which to build
our Life's Heaven - we
need not wait for
opportunity but can
make it -
Inventive miracles



should challenge us to
live our lives marked by
- The wireless - telegraph & phone.
talking with other worlds.
- The auto - mobile & aeroplane
- The. phonograph - the miracle
of voice & instrument -
Reproduce in yourself
- Life's heavenly harmonies &
melodies. Life's sweet
music that creates joy
& happiness.
Miracle of the morning fruition
the incarnate lives or
- Life. like the dry bones of
Ezekiel's prophecy.
It holds opportunities as
- wide as human life, as deep
as human sorrow, as high as
the soul of joy, as full of meaning
- as the eternal destiny & de-
mensurable as life itself.
And these are for you
In Jesus wonderful life & his Life
